All, Bill will arrive Monday for the swearing in. Hayley, we'd like to do it in the Administrator's office. Very short swearing in with Bill's immediate family. Liz, we'll take some shots with the official photographer. We won't need the green room. We'll all be set. Mandy and company can then escort him to the 5th floor. Donna, can we get Bill's computer and accounts set up for his arrival Monday? Thanks all.

Still too early to tell, but it may be that we invoke cloture on Wehrum on Thursday, start the 30 hour clock, and then do the confirmation vote upon our return Monday. Still too many moving pieces to know for sure. If we can get him confirmed before we leave this week, we will. Depends on attendance and how much Dems drag their feet on the NLRB nomination.

Flint et al ~

I just spoke with Alexander Dominguez from Mandy's office. They have worked within their offices, and Samantha Dravis, Associate Administrator of EPA's Office of Policy, will be stepping in to speak as the Keynote.

Ms. Dravis' Chief of Staff will be in touch with Cindy and me (Alex will be connecting us) and we'll work to get all the information updated on our end (i.e., website, promotions, final program).

Alex,

My sincerest thanks to you and Ms. Gunasekara's office for working so diligently with us on our Keynote speaker even with Mandy's schedule change. On behalf of the Association we truly appreciate EPA's support and participation.

All the best,

Mandy – The Utility Air Regulatory Group is an ad-hoc coalition of the Nation’s leading fossil energy producers. UARG focuses on Clean Air Act-related regulatory issues. UARG is holding a meeting here at Hunton’s offices in DC on the afternoon of June 22 and the morning of June 23. We would like to invite you to speak to the group at some point during the meeting.

Our agenda is flexible, so you can pick the time that works best. If it works for you, we suggest 2:00 on Thursday the 22nd.

We are interested in any Clean Air Act regulatory issue that you are willing and able to address. Topics of interest include the Clean Power Plan, the Mercury and Air Toxics Standard, regional transport, regional haze, and NAAQS/NAAQS implementation. We are not asking you to address pending litigation on any of these issues. We are interested in discussing only possible future regulatory action.

Please feel free to contact me if you have questions or need more information. Thanks for your consideration.

I am writing on behalf of the Brick Industry Association (BIA) to request a meeting with Administrator Pruitt. BIA is a national trade association representing clay brick manufacturers, distributorships, and their suppliers. Two-thirds of all the brick shipped in North American is manufactured by BIA members. In addition, many BIA member companies are family-owned small businesses.

Many of BIA's members are subject to a recently-promulgated National Emissions Standard for Hazardous Air Pollutants for Brick Manufacturing (i.e., the "Brick MACT"). BIA has a pending challenge to this rule in the DC Circuit. BIA does not want to discuss the litigation with the Administrator. BIA does hope to discuss with the Administrator the enormous impact that the rule is having on the industry and some of BIA's ideas as to how the rule could be improved and the burden lessened.

A group of BIA members will be in Washington, DC, on Thursday, June 15. A meeting that date would be ideal. If that does not work for Administrator Pruitt, we would appreciate any suggested alternative dates.

Please feel free to contact me if you need anything more. Thanks for your consideration.

We have Vice Admiral Dennis McGinn keynoting on the 11th. The organization of the conference is that we were going to deal with policy issues on the 10th and then adaptation and mitigation on the 11th. Ideally we would need to flip the whole schedule. A month ago I would be willing to entertain the idea but at this late date I'm afraid that people have already made their travel plans to appear on the day of their presentation. Is there anyone else at the Agency that can talk about climate change policy? We may be able to add her as a second keynote speaker on the 11th but then we would be without ANY keynote speaker on the first day of the conference.

All, Bill will arrive Monday for the swearing in. Hayley, we'd like to do it in the Administrator's office. Very short swearing in with Bill's immediate family. Liz, we'll take some shots with the official photographer. We won't need the green room. We'll all be set. Mandy and company can then escort him to the 5th floor. Donna, can we get Bill's computer and accounts set up for his arrival Monday? Thanks all.

Subject: Panel Session Summary - A&WMA's Annual Conference, Pittsburgh, PA, June 5-8, 2017
FINAL EXTENDED ABSTRACT.docx

Tauna, Mandy, and Lissa:

I am summarizing below information you need for the panel session on Clean Power Plan (CPP) Litigation Updates and Road Ahead, at the subject conference:

(i) The panel session timing is Thursday, June 8th, 8 am - 9:40 am. There will be a total of four panelists as below:

Mandy Gunasekara

Senior Policy Advisor, Office of the Administrator, EPA, Washington, D.C.

[providing EPA perspectives]

State Environmental Agency Official

[providing state agencies' perspectives, still in process of confirming the panelist, probably from PA environmental agency]

Tauna M. Szymanski

Senior Attorney, Hunton & Williams, Washington, D.C.

[providing electric power generation industry perspectives]

Lissa Lynch

Climate Litigation Fellow, Natural Resources Defense Council, Washington, D.C.

[providing environmental organizations' perspectives]

Each panelist will have a 20 minutes maximum for presentation. You need to talk / present on the assigned task as above, providing perspectives and latest information on various issues in this litigation. You need to also provide viewpoints on road ahead for everyone on this matter. You can also talk anything else if it is pertinent to this topic and if you have time available. You can have slides for presentation, but, it is not mandatory. The order of presentations will be as above. There will be a Q&A at the end of the session. The session abstract is attached with this message for your use.

(ii) The conference web page is <https://www.awma.org/ace2017>.

If you have not yet registered for the conference, please take care of it via the above page. If you are to come to this session only and do not attend any other sessions at the conference, it is possible to get a conference registration fees waiver.

In addition, the hotel accommodation information, technical program, etc. are also located at the same website.

(iii) I will be in Pittsburgh for the entire conference. If you need to contact me in Pittsburgh, my cellular number is (919) 285-9541.

(iv) If you are to have slides for your presentation, please remember to email me by June 2nd. Also, please send me your bio-sketch (1-2 paragraphs would be sufficient) by the same date, which would help in introducing you at the conference.

In summary, I thank each of you for your participation. I am delighted to have you on the panel. But, importantly, the conference attendees would benefit from your expert viewpoints.

Let me know if you have any other questions or if I can help.

Sydney and Cheryl - I have talked this evening with Mandy. We expect Southern Company will have one additional participant. The company's CEO Tom Fanning will be in town tomorrow and is expected to be available for the meeting. He and the Administrator have met previously. Please let me know if you have any questions.

Hi Bill,

I wanted to see if you would have a couple minutes today to talk about some potential questions and themes that you would like majority members to question you on. We have an idea of these but of course what your input.

Please let me know when you have some time to talk today and we will give you a call.

Thank you!

Subject: Midwest Energy Emissions site visit

Mandy,

It was a pleasure and an honor having you join us at the ELI Awards Dinner last month. I'm sorry we were on opposite sides of the table and didn't have more chance to talk. I did want to check back in with you to see whether you've heard anything from Administrator Pruitt regarding a possible visit to an Oklahoma utility using Midwest Energy Emissions' technologies, which we had discussed when we met earlier this fall. I know they are eager to have the Administrator visit as they seek to expand the market for their technology abroad.

Please let me know if there is anything we can provide.

Many thanks, and very best regards,
Tom
